REPORT REGARDING LONGER COMBINATION COMMERCIAL MOTOR VEHICLES

Submittal to Congress.
49 USC 2315 note.

SEC. 138. (a) Within one year after the date of enactment of this Act, the Secretary of Transportation, after consultation with the transportation officials and Governors of the several States and after an opportunity for public comment, shall submit to Congress a detailed report on the potential benefits and costs, if any, to shippers, receivers, operators of commercial motor vehicles, and the general public, that reasonably may be anticipated from the establishment of a national intercity truck route network for the operation of a special class of longer combination commercial motor vehicles.

Definitions.

(b) For the purposes of this section—

(1) the term "longer combination commercial motor vehicles" means multiple-trailer combinations consisting of (A) truck tractor-semitrailer-full trailer, and (B) truck tractor-semitrailer-full trailer-full trailer combinations with an overall length not in excess of one hundred and ten feet; and

(2) the term "national intercity truck route network" means a network consisting of a number of controlled-access, interconnecting segments of the National System of Interstate and Defense Highways and other highways of comparable design and traffic capacity including, but not limited to, all such highways where the operation of longer combination commercial motor vehicles is authorized on the date of enactment of this Act.

(c) The detailed report mandated by this section shall include, but need not be limited to, the following:

(1) a specific plan for the establishment of a national intercity truck route network, including the designation of those specific highway segments which would be required to connect the major distribution centers and markets for long-haul intercity freight service; except that the Secretary of Transportation shall not include in the plan any highway segment which, because of design limitations or other factors, cannot accommodate the safe operation of longer combination commercial motor vehicles;

96 STAT. 2127

(2) an analysis of the intercity motor freight volume that reasonably can be anticipated to be transported by longer combination commercial motor vehicles over the national intercity truck route network if such network is established by Congress;

(3) an analysis of the fuel savings that reasonably can be anticipated in the transportation of freight by commercial motor vehicle if such network is established by Congress;

(4) an analysis of the productivity gains that reasonably can be anticipated to be achieved in the transportation of freight by commercial motor vehicle if such network is established by Congress;

(5) an analysis of the fuel conservation and productivity gains historically achieved by operators of longer combination commercial motor vehicles;

(6) an analysis of the safety record of longer combination commercial motor vehicle operations that have been conducted prior to the date of enactment of this Act; and

(7) an analysis of the effect of the size and weight limitations as in effect after the date of enactment of this Act.

Single- and tandem-axle weight limits.

(d) In making the findings and determinations required by subsection (c) of this section, and in making the detailed report to Congress required by this section, the Secretary of Transportation shall assume that the longer combination commercial motor vehicles operating on the national intercity truck route network, if and when established by Congress, would be subject to the single- and tandem-axle weight limits imposed by section 127 of title 23, United States Code. The Secretary of Transportation shall further assume that the overall gross weight of such vehicles on a group of two or more consecutive axles shall be limited by the formula set forth in such section, and only by such formula.

(e) In making the detailed report to Congress required by this section, the Secretary of Transportation shall assume that longer combination commercial motor vehicles operating on the national intercity truck route network will have reasonable access to terminals, combination breakup areas, and food and fuel facilities consistent with safe operations of such vehicles.

Vehicle weight and size standards.

Investigation and study.

(f) Nothing in this section shall be construed to establish Federal policy with regard to highway vehicle weight and size standards, nor shall anything in this section be construed to preempt or to affect any State law establishing highway vehicle weight or size standards. The provisions of this section require an investigation and study on the feasibility and propriety of making changes in vehicle weight and size standards which the Congress may choose to consider in the future.

23 USC 101 note

SEC. 139. (a) Notwithstanding the provisions of section 4(b) of the Federal-Aid Highway Act of 1981, the Secretary of Transportation may approve a change in location of any Interstate route or segment and approve, in lieu thereof, the construction of such Interstate route or segment on a new location if the original location of such route or segment meets the following criteria: (1) it has been designated under section 103(e) of title 23, United States Code; (2) it is

serving Interstate travel as of the date of enactment of this section; (3) it requires improvements which are eligible under the Federal-Aid Highway Act of 1981, and which would either involve major modifications in order to meet acceptable standards or result in severe environmental impacts and such major modifications or mitigation measures relating to the environmental impacts are not cost effective. The cost of the construction of such Interstate route or segment on new location with funds available under section 108(b) of the Federal-Aid Highway Act of 1956, as amended, shall not exceed the estimated cost of the eligible improvements on the original location as eligible under the Federal-Aid Highway Act of 1981 and included in the 1983 interstate cost estimate as approved by the Congress. Such cost shall be increased or decreased, as determined by the Secretary, based on changes in construction costs of the original location of the route or segment as of the date of approval of each project on the new location. Upon approval of a new location, and funds apportioned under section 104(b)(5)(A) of title 23, United States Code, which were expended on the route or segment in the original location shall be refunded to the Highway Trust Fund and credited to the unobligated balance of the State's apportionment made under section 104(b)(5)(A) of title 23, United States Code, and other eligible Federal-aid highway funds may be substituted in lieu thereof at the appropriate Federal share.

23 USC 101 note.
23 USC 101 note.

(b) Where the Secretary of Transportation approves a relocation of an Interstate route or segment under the provisions of subsection (a) of this section, such route or segment shall not be eligible for withdrawal under the provisions of section 103(e)(4) of title 23, United States Code, and shall be subject to the Interstate System completion deadlines provided in subsections (d) and (e) of section 107 of the Surface Transportation Assistance Act of 1978 or subject to Interstate System completion deadlines as may be determined by Congress.

GRANTS TO STATES

49 USC 2302.

SEC. 402. (a) Under the terms and conditions of this section, subject to the availability of funds, the Secretary is authorized to make grants to States for the development or implementation of programs for the enforcement of Federal rules, regulations, standards, and orders applicable to commercial motor vehicle safety and compatible State rules, regulations, standards, and orders.

Enforcement plan.

(b)(1) The Secretary shall formulate procedures for any State to submit a plan whereby the State agrees to adopt, and to assume responsibility for enforcing Federal rules, regulations, standards, and orders applicable to commercial motor vehicle safety, or compatible State rules, regulations, standards, and orders. Such plan shall be approved by the Secretary if, in the Secretary's judgment, the plan is adequate to promote the objectives of this section, and the plan—

Continuing evaluation.

Disapproval notice.

(c) The Secretary shall, on the basis of reports submitted by the State agency, and on the Secretary's own inspections, make a continuing evaluation of the manner in which each State with a plan approved under this section is carrying out such plan. Whenever the Secretary finds, after affording due notice and opportunity for comment, that a State plan previously approved is not being followed or that it has become inadequate to assure the enforcement of Federal rules, regulations, standards, or orders applicable to commercial motor vehicle safety or compatible State rules, regulations, standards, or orders, he shall notify the State of withdrawal of approval of such plan. Upon receipt of such notice such plan shall cease to be in effect. Any State aggrieved by a determination of the Secretary pursuant to this subsection may seek judicial review pursuant to chapter 7 of title 5, United States Code. The State may, however, retain jurisdiction in any administrative or judicial enforcement proceeding commenced before the withdrawal of the plan whenever the issues involved do not directly relate to the reasons for the withdrawal of approval of the plan.

Judicial review.

5 USC 701 *et seq.*

(d) The Secretary shall not approve any plan under this section which does not provide that the aggregate expenditure of funds of the State and political subdivisions thereof, exclusive of Federal funds, for commercial motor vehicle safety programs will be maintained at a level which does not fall below the average level of such expenditure for its last two full fiscal years preceding the date of enactment of this section.

FEDERAL SHARE OF COSTS

49 USC 2303.

SEC. 403. By grants authorized under this part, the Secretary shall reimburse any State an amount not to exceed 80 per centum of the costs incurred by that State in that fiscal year in the development and implementation of programs to enforce commercial motor vehicle rules, regulations, standards, or orders adopted pursuant to this title. The funds of the State and political subdivisions thereof which are required to be expended under section 402(d) of this title shall not be considered to be part of the non-Federal share. The Secretary is authorized to allocate, among the States whose applications for grants have been approved, those amounts appropriated for grants to support such programs, pursuant to such criteria as may be established.

AUTHORIZATIONS

49 USC 2304.

SEC. 404. To carry out the purposes of section 402 of this title, there is authorized to be appropriated out of the Highway Trust Fund not to exceed $10,000,000 in the fiscal year ending September 30, 1984, not to exceed $20,000,000 in the fiscal year ending September 30, 1985, not to exceed $30,000,000 in the fiscal year ending September 30, 1986, not to exceed $40,000,000 in the fiscal year ending September 30, 1987, and not to exceed $50,000,000 in the fiscal year ending September 30, 1988. Appropriated funds authorized by this section shall be used to reimburse States pro rata for the Federal share of costs incurred. Grants made pursuant to the authority of this part shall be for periods not to exceed one fiscal year, ending at the end of a fiscal year.

96 STAT. 2157

Reimbursement to States.

PROTECTION OF EMPLOYEES

Discrimination. 49 USC 2305.

SEC. 405. (a) No person shall discharge, discipline, or in any manner discriminate against any employee with respect to the employee's compensation, terms, conditions, or privileges of employment because such employee (or any person acting pursuant to a request of the employee) has filed any complaint or instituted or caused to be instituted any proceeding relating to a violation of a commercial motor vehicle safety rule, regulation, standard, or order, or has testified or is about to testify in any such proceeding.

(b) No person shall discharge, discipline, or in any manner discriminate against an employee with respect to the employee's compensation, terms, conditions, or privileges of employment for refusing to operate a vehicle when such operation constitutes a violation of any Federal rules, regulations, standards, or orders applicable to commercial motor vehicle safety or health, or because of the employee's reasonable apprehension of serious injury to himself or the public due to the unsafe condition of such equipment. The unsafe conditions causing the employee's apprehension of injury must be of such nature that a reasonable person, under the circumstances then confronting the employee, would conclude that there is a bona fide danger of an accident, injury, or serious impairment of health, resulting from the unsafe condition. In order to qualify for protection under this subsection, the employee must have sought from his employer, and have been unable to obtain, correction of the unsafe condition.

Unsafe conditions.

Filing of complaint.

(c)(1) Any employee who believes he has been discharged, disciplined, or otherwise discriminated against by any person in violation of subsection (a) or (b) of this section may, within one hundred and eighty days after such alleged violation occurs, file (or have filed by any person on the employee's behalf) a complaint with the Secretary of Labor alleging such discharge, discipline, or discrimination. Upon receipt of such a complaint, the Secretary of Labor shall notify the person named in the complaint of the filing of the complaint.

Investigation.

(2)(A) Within sixty days of receipt of a complaint filed under paragraph (1) of this subsection, the Secretary of Labor shall conduct an investigation and determine whether there is reasonable cause to believe that the complaint has merit and notify the complainant and the person alleged to have committed a violation of this section of his findings. Where the Secretary of Labor has concluded that there is reasonable cause to believe that a violation has occurred, he shall accompany his findings with a preliminary order providing the relief prescribed by subparagraph (B) of this paragraph. Thereafter, either the person alleged to have committed the violation or the complainant may, within thirty days, file objections to the findings or preliminary order, or both, and request a hearing on the record, except that the filing of such objections shall not operate to stay any reinstatement remedy contained in the preliminary order. Such hearings shall be expeditiously conducted. Where a hearing is not timely requested, the preliminary order

Hearing request.

shall be deemed a final order which is not subject to judicial review. Upon the conclusion of such hearing, the Secretary of Labor shall issue a final order within one hundred and twenty days. In the interim, such proceedings may be terminated at any time on the basis of a settlement agreement entered into by the Secretary of Labor, the complainant, and the person alleged to have committed the violation.

Final order.

(B) If, in response to a complaint filed under paragraph (1) of this subsection, the Secretary of Labor determines that a violation of subsection (a) or (b) of this section has occurred, the Secretary of Labor shall order (i) the person who committed such violation to take affirmative action to abate the violation, (ii) such person to reinstate the complainant to the complainant's former position together with the compensation (including back pay), terms, conditions, and privileges of the complainant's employment, and (iii) compensatory damages. If such an order is issued, the Secretary of Labor, at the request of the complainant may assess against the person against whom the order is issued a sum equal to the aggregate amount of all costs and expenses (including attorney's fees) reasonably incurred, as determined by the Secretary of Labor, by the complainant for, or in connection with, the bringing of the complaint upon which the order was issued.

Complainant, reinstatement to former position.

(d)(1) Any person adversely affected or aggrieved by an order issued after a hearing under subsection (c) of this section may obtain review of the order in the United States Court of Appeals for the circuit in which the violation, with respect to which the order was issued, allegedly occurred, or the circuit in which such person resided on the date of such violation. The petition for review must be filed within sixty days from the issuance of the Secretary of Labor's order. Such review shall be in accordance with the provisions of chapter 7 of title 5, United States Code, and shall be heard and decided expeditiously.

Review.

5 USC 701 *et seq.*

(2) An order of the Secretary of Labor, with respect to which review could have been obtained under this section, shall not be subject to judicial review in any criminal or other civil proceeding.

(e) Whenever a person has failed to comply with an order issued under subsection (c)(2) of this section, the Secretary of Labor shall file a civil action in the United States district court for the district in which the violation was found to occur in order to enforce such order. In actions brought under this subsection, the district courts shall have jurisdiction to grant all appropriate relief, including injunctive relief, reinstatement, and compensatory damages. Civil actions brought under this subsection shall be heard and decided expeditiously.

Civil action.

Final rules.

(3) The Secretary shall enact final rules pursuant to paragraph (1) no later than two hundred and seventy days from the date of

enactment of this section and may revise such rules from time to time thereafter.

"Truck tractor."

(f) For the purposes of this section, "truck tractor" shall be defined as the noncargo carrying power unit that operates in combination with a semitrailer or trailer, except that a truck tractor and semitrailer engaged in the transportation of automobiles may transport motor vehicles on part of the power unit.

Effective date.

(g) The provisions of this section shall take effect ninety days after the date of enactment of this title.

Exclusions.

(h) The length limitations described in this section shall be exclusive of safety and energy conservation devices, such as rear view mirrors, turn signal lamps, marker lamps, steps and handholds for entry and egress, flexible fender extensions, mudflaps and splash and spray suppressant devices, load-induced tire bulge, refrigeration units or air compressors and other devices, which the Secretary may interpret as necessary for safe and efficient operation of commercial motor vehicles, except that no device excluded under this subsection from the limitations of this section shall have by its design or use the capability to carry cargo.

Such action may be instituted in any district court of the United States in any State where such relief is required to assure compliance with the terms of this title. In any action under this section, the court shall, upon a proper showing, issue a temporary restraining order or preliminary or permanent injunction. In any such action, the court may also issue a mandatory injunction commanding any State or person to comply with any applicable provision of this title, or any rule issued under authority of this title.

SPLASH AND SPRAY SUPPRESSANT DEVICES

49 USC 2314.

SEC. 414. (a) The Congress declares that visibility on wet roadways on the Interstate System should be improved by reducing, by a practicable and reliable means, splash and spray from truck tractors, semitrailers, and trailers.

(1) within one year after the date of the enactment of this title, establish minimum standards with respect to the performance and installation of splash and spray suppression devices for use on truck tractors, semitrailers, or trailers;

(2) within two years after the date of the enactment of this title, require that all new truck tractors, semitrailers, and trailers operated on the Interstate System be equipped with any splash and spray suppression device which satisfies the standards established pursuant to paragraph (1) of this subsection; and

(3) within five years after the date of the enactment of this title, require that all truck trailers, semitrailers, and trailers operated on the Interstate System be equipped with any splash and spray suppression device which satisfies the standards established pursuant to paragraph (1) of this subsection.

(c) For the purposes of this section, the term—

(1) "truck tractor" means the noncargo carrying power unit that operates in combination with a semitrailer or trailer(s);

(2) "semitrailer" and "trailer" mean any semitrailer or trailer, respectively, with respect to which section 422 of this title applies; and

(3) "Interstate System" has the same meaning provided in section 101 of title 23, United States Code.

REPORT REGARDING LONGER COMBINATION COMMERCIAL MOTOR VEHICLES

Submittal to Congress.
49 USC 2315.

SEC. 415. (a) Within 18 months after the date of enactment of this title, the Secretary, after consultation with the transportation officials and Governors of the several States and after an opportunity for public comment, shall submit to Congress a detailed report on the potential benefits and costs if any, to shippers, receivers, operators of commercial motor vehicles, and the general public, that reasonably may be anticipated from the establishment of a National intercity truck route network for the operation of a special class of longer combination commercial motor vehicles.

Definitions.

(b) For the purposes of this section, the term—

(1) "longer combination commercial motor vehicles" means multiple-trailer combinations consisting of (A) truck tractor-semitrailer-full trailer, and (B) truck tractor-semitrailer-full trailer-full trailer combinations with an overall length not in excess of one hundred and ten feet; and

(2) "national intercity truck route network" means a network consisting of a number of controlled-access, interconnecting segments of the National System of Interstate and Defense Highways and other highways of comparable design and traffic capacity including, but not limited to, all such highways where the operation of longer combination commercial motor vehicles is authorized on the date of enactment of this section.

(c) The detailed report mandated by this section shall include, but need not be limited to, the following—

(1) a specific plan for the establishment of a national intercity truck route network, including the designation of those specific highway segments which would be required to connect the major distribution centers and markets for long-haul intercity freight service, except that the Secretary shall not include in the plan any highway segment which, because of design limitations or other factors, cannot accommodate the safe operation of longer combination commercial motor vehicles;

(2) an analysis of the intercity motor freight volume that reasonably can be anticipated to be transported by longer combination commercial motor vehicles over the national intercity truck route network if such network is established by Congress;

(3) an analysis of the fuel savings that reasonably can be anticipated in the transportation of freight by commercial motor vehicle if such network is established by Congress;

(4) an analysis of the productivity gains that reasonably can be anticipated to be achieved in the transportation of freight by commercial motor vehicle if such network is established by Congress;

(5) an analysis of the fuel conservation and productivity gains historically achieved by operators of longer combination commercial motor vehicles; and

(6) an analysis of the safety record of longer combination commercial motor vehicle operations that have been conducted prior to the date of enactment of this section.

Weight limits.

(d) In making the findings and determinations required by subsection (c) of this section, and in making the detailed report to Congress required by this section, the Secretary shall assume that the longer combination commercial motor vehicles operating on the national intercity truck route network, if and when established by Congress, would be subject to the single- and tandem-axle weight limits imposed by section 127 of title 23, United States Code. The Secretary shall further assume that the overall gross weight of such vehicles on a group of two or more consecutive axles shall be limited by the formula set forth in such section, and only by such formula.

(e) In making the detailed report to Congress required by this section, the Secretary shall assume that longer combination commercial motor vehicles operating on the national intercity truck route network will have reasonable access to terminals, combination breakup areas, and food and fuel facilities consistent with safe operations of such vehicles.

Permit issuance.
33 USC 1414.

"(1) that the proposed dumping is necessary to conduct research—

"(A) on new technology related to ocean dumping, or

"(B) to determine the degree to which the dumping of such substance will degrade the marine environment;

"(2) that the scale of the proposed dumping is limited to the smallest amount of such material and the shortest duration of time that is necessary to fulfill the purposes of the research, such that the dumping will have minimal adverse impact upon human health, welfare, and amenities, and the marine environment, ecological systems, economic potentialities, and other legitimate uses;

"(3) after consultation with the Secretary of Commerce, that the potential benefits of such research will outweigh any such adverse impact; and

"(4) that the proposed dumping will be preceded by appropriate baseline monitoring studies of the proposed dump site and its surrounding environment.

Each permit issued pursuant to this subsection shall be subject to such conditions and restrictions as the Administrator determines to be necessary to minimize possible adverse impacts of such dumping.

"(i)(1) Two years after the date of enactment of this subsection, the Administrator may not issue a permit under this title for the disposal of radioactive waste material until the applicant, in addition to complying with all other requirements of this title, prepares, with respect to the site at which the disposal is proposed, a Radioactive Material Disposal Impact Assessment which shall include—

Radioactive Material Disposal Impact Assessment.

"(A) a listing of all radioactive materials in each container to be disposed, the number of containers to be dumped, the structural diagrams of each container, the number of curies of each material in each container, and the exposure levels in rems at the inside and outside of each container;

"(B) an analysis of the environmental impact of the proposed action, at the site at which the applicant desires to dispose of the material, upon human health and welfare and marine life;

"(C) any adverse environmental effects at the site which cannot be avoided should the proposal be implemented;

"(D) an analysis of the resulting environmental and economic conditions if the containers fail to contain the radioactive waste material when initially deposited at the specific site;

"(E) a plan for the removal or containment of the disposed nuclear material if the container leaks or decomposes;

"(F) a determination by each affected State whether the proposed action is consistent with its approved Coastal Zone Management Program;

"(G) an analysis of the economic impact upon other users of marine resources;

"(H) alternatives to the proposed action;

Consultation and public hearing results.

"(I) comments and results of consultation with State officials and public hearings held in the coastal States that are nearest to the affected areas;

Comprehensive monitoring plan.

"(J) a comprehensive monitoring plan to be carried out by the applicant to determine the full effect of the disposal on the marine environment, living resources, or human health, which plan shall include, but not be limited to, the monitoring of exterior container radiation samples, the taking of water and sediment samples, and fish and benthic animal samples, adjacent to the containers, and the acquisition of such other information as the Administrator may require; and

"(K) such other information which the Administrator may require in order to determine the full effects of such disposal.

"(2) The Administrator shall include, in any permit to which paragraph (1) applies, such terms and conditions as may be necessary to ensure that the monitoring plan required under paragraph (1)(J) is fully implemented, including the analysis by the Administrator of the samples required to be taken under the plan.

Assessment, copy to congressional committees.

"(3) The Administrator shall submit a copy of the assessment prepared under paragraph (1) with respect to any permit to the Committee on Merchant Marine and Fisheries of the House of Representatives and the Committee on Environment and Public Works of the Senate.

Recommendation to Congress.

"(4) (A) Upon a determination by the Administrator that a permit to which this subsection applies should be issued, the Administrator shall transmit such a recommendation to the House of Representatives and the Senate.

Ocean dumping permit, restricted issuance.

"(B) No permit may be issued by the Administrator under this Act for the disposal of radioactive materials in the ocean unless the Congress, by approval of a resolution described in paragraph (D) within 90 days of continuous session of the Congress beginning on the date after the date of receipt by the Senate and the House of Representatives of such recommendation, authorizes the Administrator to grant a permit to dispose of radioactive material under this Act.

"(C) For purposes of this subsection—

"(1) continuity of session of the Congress is broken only by an adjournment sine die;

"(2) the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in the computation of the 90 day calendar period.

"Resolution."

"(D) For the purposes of this subsection, the term 'resolution' means a joint resolution, the resolving clause of which is as follows: 'That the House of Representatives and the Senate approve and authorize the Administrator of the Environmental Protection Agency to grant a permit under the Marine Protection, Research, and Sanctuaries Act of 1972 to dispose of radioactive materials in the ocean as recommended by the Administrator to the Congress on __________, 19__.'; the first blank space therein to be filled with the appropriate applicant to dispose of nuclear material and the second blank therein to be filled with the date on which the Administrator submits the recommendation to the House of Representatives and the Senate.".

TITLE II—BANKRUPT RAILROADS

SHORT TITLE

SEC. 201. This title may be referred to as the "Bankrupt Railroad Service Preservation and Employee Protection Act of 1982".

Bankrupt Railroad Service Preservation and Employee Protection Act of 1982.
45 USC 901 note.

Subtitle A—Service Preservation

PURPOSE

SEC. 211. It is the purpose of this subtitle to continue the effort by Congress to assure service over the lines of rail carriers subject to liquidation in instances where rail carriers are willing to provide service over such lines and financially responsible persons are willing to purchase the lines for continued rail operations.

45 USC 901 note.

FINDINGS

SEC. 212. The Congress finds that—

45 USC 901 note.

(1) it is necessary to establish procedures to facilitate and expedite the acquisition of rail lines of carriers subject to liquidation by financially responsible persons in instances where service is not being provided over the line by the carrier and where the financially responsible person seeks to provide rail service over the line;

96 STAT. 2544

(2) procedures set forth in the amendments made by this title represent an exercise of the powers of the Congress under the Constitution to regulate commerce among the several States which will provide a practicable means for preserving rail service, thus benefiting shippers, employees, and the economies of the States in which such carriers subject to liquidation have operated service, and for facilitating interstate commerce, while at the same time providing safeguards to protect the interest of the estates of such carriers by requiring compensation which is not less than the constitutionally required minimum; and

(3) it is in the public interest that the Interstate Commerce Commission's authority to issue orders involving temporary authority to operate service over lines of carriers subject to liquidation be clarified.

AMENDMENTS TO THE MILWAUKEE RAILROAD RESTRUCTURING ACT

SEC. 213. Section 17(b) of the Milwaukee Railroad Restructuring Act (45 U.S.C. 915(b)) is amended—

(1) by redesignating paragraph (3) as paragraph (4); and

(2) by inserting after paragraph (2) the following new paragraph:

"(3)(A) If a person has made or makes an offer to acquire from a carrier subject to liquidation a rail line or lines over which no service is provided by that carrier, and that offer has been or is rejected by the trustee in bankruptcy of such carrier, such person may submit an application to the Commission seeking approval of such person's acquisition of such line or lines. A copy of any such application shall be filed simultaneously with the court.

"(B) The Commission shall, within 15 days after the filing of an application under subparagraph (A) of this paragraph, determine whether the applicant—

"(i) is a financially responsible person; and

"(ii) has made a bona fide offer to acquire the line or lines under reasonable terms.

"(C)(i) If the Commission's determination under subparagraph (B) of this paragraph is affirmative with respect to the matters referred to in clauses (i) and (ii) of such subparagraph, the applicant and the trustee in bankruptcy (hereafter in this paragraph referred to collectively as the 'parties') shall enter into negotiations with respect to terms for the acquisition of the line or lines applied for. If the parties at any time agree on such terms, a request for approval of the acquisition shall be filed with the Commission and the court. If the parties are unable to agree to such terms within 30 days after the date of the Commission's determination under subparagraph (B) of this paragraph, either party may, within 60 days after the expiration of such 30-day period, request the Commission to prescribe terms for such acquisition, including compensation for the line or lines to be acquired. The Commission shall prescribe such terms within 60 days after any such request is made. The terms prescribed by the Commission shall be binding upon both parties, subject to court review as provided in subparagraph (D) of this paragraph, except that the applicant may withdraw its offer within 10 days after the Commission prescribes such terms.

96 STAT. 2545

"(ii) If more than one applicant has requested under this subparagraph that the Commission prescribe the terms of acquisition for the same or overlapping lines or portions of such lines, the Commission shall prescribe terms for such acquisition which it determines best serve the public interest.

"(D)(i) Within 15 days after the Commission prescribes terms under subparagraph (C) of this paragraph, the Commission shall transmit such terms to the court, unless the offer is withdrawn under such subparagraph. Notwithstanding any other provision of law, the court shall, within 60 days after such transmittal, approve the acquisition under terms prescribed by the Commission if the compensation for the line or lines is not less than that required as a constitutional minimum.

"(ii) Except as provided in this subparagraph, no action shall be taken by the court which would prejudice the acquisition which is the subject of an application under this paragraph.

"(E) The Commission shall require that any person acquiring a line or lines under this paragraph use, to the maximum extent practicable, employees or former employees of the carrier subject to liquidation in the operation of service on such line or lines.

"(F) No person acquiring a line under this paragraph may transfer or discontinue service on such line prior to the expiration of 4 years after such acquisition.

"(G) The Commission shall, within 45 days after the date of enactment of the Bankrupt Railroad Service Preservation and Employee Protection Act of 1982, prescribe such regulations and procedures as are necessary to carry out the provisions of this paragraph.

"(H) As used in this paragraph, the term— Definitions.

"(i) 'carrier subject to liquidation' means a carrier which, on the date of enactment of the Bankrupt Railroad Service Preservation and Employee Protection Act of 1982, was the subject of a proceeding pending under section 77 of the Bankruptcy Act or under subchapter IV of chapter 11 of title 11, United States Code, and which has been ordered by the court to liquidate its properties; *Ante*, p. 2543. 11 USC 1161.

Alaska Railroad Transfer Act of 1982.

TITLE VI—ALASKA RAILROAD TRANSFER

SHORT TITLE

45 USC 1201 note.

SEC. 601. This title may be cited as the "Alaska Railroad Transfer Act of 1982".

FINDINGS

45 USC 1201.

SEC. 602. The Congress finds that—

(1) the Alaska Railroad, which was built by the Federal Government to serve the transportation and development needs of the Territory of Alaska, presently is providing freight and passenger services that primarily benefit residents and businesses in the State of Alaska;

(2) many communities and individuals in Alaska are wholly or substantially dependent on the Alaska Railroad for freight and passenger service and provision of such service is an essential governmental function;

(3) continuation of services of the Alaska Railroad and the opportunity for future expansion of those services are necessary to achieve Federal, State, and private objectives; however, continued Federal control and financial support are no longer necessary to accomplish these objectives;

(4) the transfer of the Alaska Railroad and provision for its operation by the State in the manner contemplated by this title is made pursuant to the Federal goal and ongoing program of transferring appropriate activities to the States;

(5) the State's continued operation of the Alaska Railroad following the transfer contemplated by this title, together with such expansion of the railroad as may be necessary or convenient in the future, will constitute an appropriate public use of the rail system and associated properties, will provide an essential governmental service, and will promote the general welfare of Alaska's residents and visitors; and

(6) in order to give the State government the ability to determine the Alaska Railroad's role in serving the State's transportation needs in the future, including the opportunity to extend rail service, and to provide a savings to the Federal Government, the Federal Government should offer to transfer the railroad to the State, in accordance with the provisions of

this title, in the same manner in which other Federal transportation functions (including highways and airports) have been transferred since Alaska became a State in 1959.

TRANSFER AUTHORIZATION

45 USC 1203.

SEC. 604. (a) Subject to the provisions of this title, the United States, through the Secretary, shall transfer all rail properties of the Alaska Railroad to the State. Such transfer shall occur as soon as practicable after the Secretary has made the certifications required by subsection (d) of this section and shall be accomplished in the manner specified in subsection (b) of this section.

(b)(1) On the date of transfer, the Secretary shall simultaneously:

(A) deliver to the State a bill of sale conveying title to all rail properties of the Alaska Railroad except any interest in real property;

(B) deliver to the State an interim conveyance of the rail properties of the Alaska Railroad that are not conveyed pursuant to subparagraph (A) of this paragraph and are not subject to unresolved claims of valid existing rights;

(C) deliver to the State an exclusive license granting the State the right to use all rail properties of the Alaska Railroad not conveyed pursuant to subparagraphs (A) or (B) of this paragraph pending conveyances in accordance with the review and settlement or final administrative adjudication of claims of valid existing rights;

Prior to taking the action specified in subparagraphs (A) through (D) of this paragraph, the Secretary shall consult with the Secretary of the Interior. The exclusive-use easement granted pursuant to subparagraph (D) of this paragraph and all rights afforded by such easement shall be exercised only for railroad purposes, and for such other transportation, transmission, or communication purposes for which lands subject to such easement were utilized as of the date of enactment of this Act. In the event of reversion to the United States, pursuant to section 610 of this title, of the State's interests in all or part of the lands subject to such easement, such easement shall terminate with respect to the lands subject to such reversion, and no new exclusive-use easement with respect to such reverted lands shall be granted except by Act of Congress.

Where the rail properties to be conveyed pursuant to this paragraph are surveyed at the time they become available for conveyance to the State, the Secretary shall deliver a patent therefor in lieu of an interim conveyance.

(3) The force and effect of an interim conveyance made pursuant to paragraphs (1)(B) or (2) of this subsection shall be to convey to and vest in the State exactly the same right, title, and interest in and to the rail properties identified therein as the State would have received had it been issued a patent by the United States. The Secretary of the Interior shall survey the land conveyed by an interim conveyance to the State pursuant to paragraphs (1)(B) or (2) of this subsection and, upon completion of the survey, the Secretary shall issue a patent therefor. 96 STAT. 2560

(4) The license granted pursuant to paragraph (1)(C) of this subsection shall authorize the State to use, occupy, and directly receive all benefits of the rail properties described in the license for the operation of the State-owned railroad in conformity with the Memorandum of Understanding referred to in section 606(b)(3) of this title. The license shall be exclusive, subject only to valid leases, permits, and other instruments issued before the date of transfer and easements reserved pursuant to subsection (c)(2) of this section. This reservation shall be effective on the date of transfer under this section or the expiration date of such lease, whichever is later.

(d)(1) Prior to the date of transfer, the Secretary shall certify that the State has agreed to operate the railroad as a rail carrier in intrastate and interstate commerce.

45 USC 1205.

(1) available for selection under section 12 of the Act of January 2, 1976, as amended (43 U.S.C. 1611, note), subject to the exception contained in section 12(b)(8)(i)(D) of such Act, as amended by subsection (d)(5) of this section;

Post, p. 2568.

(2) available for conveyance under section 1425 of the Alaska National Interest Lands Conservation Act (Public Law 96-487; 94 Stat. 2515);

(3) available for conveyance to Chugach Natives, Inc., under sections 1429 or 1430 of the Alaska National Interest Lands Conservation Act (Public Law 96-487; 94 Stat. 2531) or under sections 12(c) or 14(h)(8) of the Alaska Native Claims Settlement Act (43 U.S.C. 1611(c) and 1613(h)(8), respectively); or

(4) available under any law or regulation for entry, location, or for exchange by the United States, or for the initiation of a claim or selection by any party other than the State or other transferee under this title, except that this paragraph shall not prevent a conveyance pursuant to section 12(b)(8)(i)(D) of the Act of January 2, 1976 (43 U.S.C. 1611, note), as amended by subsection (d)(5) of this section.

(b)(1)(A) During the ten months following the date of enactment of this Act, so far as practicable consistent with the priority of preparing the report required pursuant to section 605(a) of this title, the Secretary of the Interior, Village Corporations with claims of valid existing rights, and the State shall review and make a good faith effort to settle as many of the claims as possible. Any agreement to settle such claims shall take effect and bind the United States, the State, and the Village Corporation only as of the date of transfer of the railroad.

(B) At the conclusion of the review and settlement process provided in subparagraph (A) of this paragraph, the Secretary of the Interior shall prepare a report identifying lands to be conveyed in accordance with settlement agreements under this title or applicable law. Such settlement shall not give rise to a presumption as to whether a parcel of land subject to such agreement is or is not public land.

(2) The Secretary of the Interior shall have the continuing jurisdiction and duty to adjudicate unresolved claims of valid existing rights pursuant to applicable law and this title. The Secretary of the Interior shall complete the final administrative adjudication required under this subsection not later than three years after the date of enactment of this Act, and shall complete the survey of all lands to be conveyed under this title not later than five years after the date of enactment of this Act, and after consulting with the Governor of the State of Alaska to determine priority of survey with

96 STAT. 2565 regard to other lands being processed for patent to the State. The Secretary of the Interior shall give priority to the adjudication of Village Corporation claims as required in this section. Upon completion of the review and settlement process required by paragraph (1)(A) of this subsection, with respect to lands not subject to an agreement under such paragraph, the Secretary of the Interior shall adjudicate which lands subject to claims of valid existing rights filed by Village Corporations, if any, are public lands and shall complete such final administrative adjudication within two years after the date of enactment of this Act.

(3) Pending settlement or final administrative adjudication of claims of valid existing rights filed by Village Corporations prior to the date of transfer or while subject to the license granted to the State pursuant to section 604(b)(1)(C) of this title, lands subject to such claims shall be managed in accordance with the Memorandum of Understanding among the Federal Railroad Administration, the State, Eklutna, Incorporated, Cook Inlet Region, Incorporated (as that term is used in section 12 of the Act of January 2, 1976 (Public Law 94-204; 89 Stat. 1150)), and Toghotthele Corporation, executed by authorized officers or representatives of each of these entities. Duplicate originals of the Memorandum of Understanding shall be maintained and made available for public inspection and copying in the Office of the Secretary, at Washington, District of Columbia, and in the Office of the Governor of the State of Alaska, at Juneau, Alaska.

(4) The following procedures and requirements are established to promote finality of administrative adjudication of claims of valid existing rights filed by Village Corporations, to clarify and simplify the title status of lands subject to such claims, and to avoid potential impairment of railroad operations resulting from joint or divided ownership in substantial segments of right-of-way:

(A)(i) Prior to final administrative adjudication of Village Corporation claims of valid existing rights in land subject to the license granted under section 604(b)(1)(C) of this title, the Secretary of the Interior may, notwithstanding any other provision of law, accept relinquishment of so much of such claims as involved lands within the right-of-way through execution of an agreement with the appropriate Village Corporation effective on or after the date of transfer. Upon such relinquishment, the interest of the United States in the right-of-way shall be conveyed to the State pursuant to section 604(b)(1)(B) or (2) of this title.

(ii) With respect to a claim described in clause (i) of this subparagraph that is not settled or relinquished prior to final administrative adjudication, the Congress finds that exclusive control over the right-of-way by the Alaska Railroad has been and continues to be necessary to afford sufficient protection for safe and economic operation of the railroad. Upon failure of the interested Village Corporation to relinquish so much of its claims as involve lands within the right-of-way prior to final adjudication of valid existing rights, the Secretary shall convey to the State pursuant to section 604(b)(1)(B) or (2) of this title all right, title and interest of the United States in and to the right-of-way free and clear of such Village Corporation's claim to and interest in lands within such right-of-way.

(B) Where lands within the right-of-way, or any interest in
96 STAT. 2566 such lands, have been conveyed from Federal ownership prior to the date of enactment of this Act, or is subject to a claim of valid existing rights by a party other than a Village Corporation, the conveyance to the State of the Federal interest in such properties pursuant to section 604(b)(1)(B) or (2) of this title shall grant not less than an exclusive-use easement in such properties. The foregoing requirements shall not be construed to permit the conveyance to the State of less than the entire Federal interest in the rail properties of the Alaska Railroad required to be conveyed by section 604(b) of this title. If an action is commenced against the State or the United States

contesting the validity or existence of a reservation of right-of-way for the use or benefit of the Alaska Railroad made prior to the date of enactment of this Act, the Secretary of the Interior, through the Attorney General, shall appear in and defend such action.

(c)(1) The final administrative adjudication pursuant to subsection (b) of this section shall be final agency action and subject to judicial review only by an action brought in the United States District Court for the District of Alaska. Review of agency action pursuant to this title shall be expedited to the same extent as the expedited review provided by section 1108 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3168).

(2) No administrative or judicial action under this title shall enjoin or otherwise delay the transfer of the Alaska Railroad pursuant to this title, or substantially impair or impede the operations of the Alaska Railroad or the State-owned railroad.

(3) Before the date of transfer, the State shall have standing to participate in any administrative determination or judicial review pursuant to this title. If transfer to the State does not occur pursuant to section 604 of this title, the State shall not thereafter have standing to participate in any such determination or review.

(e) The State shall be liable to a party receiving a conveyance of land among the rail properties of the Alaska Railroad subject to the license granted pursuant to section 604(b)(1)(C) of this title for damage resulting from use by the State of the land under such license in a manner not authorized by such license. 45 USC 1205.

EMPLOYEES OF THE ALASKA RAILROAD

SEC. 607. (a)(1) Any employees who elect to transfer to the State-owned railroad and who on the day before the date of transfer are subject to the civil service retirement law (subchapter III of chapter 83 of title 5, United States Code) shall, so long as continually employed by the State-owned railroad without a break in service, continue to be subject to such law, except that the State-owned railroad shall have the option of providing benefits in accordance with the provisions of paragraph (2) of this subsection. Employment by the State-owned railroad without a break in continuity of service shall be considered to be employment by the United States Government for purposes of subchapter III of chapter 83 of title 5, United States Code. The State-owned railroad shall be the employing agency for purposes of section 8334(a) of title 5, United States Code, and shall contribute to the Civil Service Retirement and Disability 45 USC 1206. 5 USC 8331.

The State-owned railroad shall pay into the Federal Civil Service Retirement and Disability Fund that portion of the cost of administration of such Fund which is demonstrated by the Director of the Office of Personnel Management to be attributable to its employees.

(2) At any time during the two-year period commencing on the date of transfer, the State-owned railroad shall have the option of providing to transferred employees retirement benefits, reflecting prior Federal service, in or substantially equivalent to benefits under the retirement program maintained by the State for State employees. If the State decides to provide benefits under this paragraph, the State shall provide such benefits to all transferred employees, except those employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5, United States Code, within five years after the date of transfer and who elect to remain participants in the Federal retirement program.

(3) If the State provides benefits under paragraph (2) of this subsection—

(A) the provisions of paragraph (1) of this subsection regarding payments into the Civil Service Retirement and Disability Fund for those employees who are transferred to the State program shall have no further force and effect (other than for employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5, United States Code, within five years after the date of transfer and who elect to remain participants in the Federal retirement program); and

(B) all of the accrued employee and employer contributions and accrued interest on such contributions made by and on behalf of the transferred employees during their prior Federal service (other than amounts for employees who will meet the age and service requirements for retirement under section 8336 (a), (b), (c) or (f) of title 5, United States Code, within five years after the date of transfer and who elect to remain participants in the Federal retirement program) shall be withdrawn from the Federal Civil Service Retirement and Disability Fund and shall be paid into the retirement fund utilized by the State-owned railroad for the transferred employees, in accordance with the provisions of paragraph (2) of this subsection. Upon such payment, credit for prior Federal service under the Federal civil service retirement system shall be forever barred, notwithstanding the provisions of section 8334 of title 5, United States Code.

(b) Employees of the Alaska Railroad who do not transfer to the State-owned railroad shall be entitled to all of the rights and benefits available to them under Federal law for discontinued employees. 96 STAT. 2573

(c) Transferred employees whose employment with the State-owned railroad is terminated during the two-year period commencing on the date of transfer shall be entitled to all of the rights and benefits of discontinued employees that such employees would have had under Federal law if their termination had occurred immediately before the date of the transfer, except that financial compensation paid to officers of the Alaska Railroad shall be limited to that compensation provided pursuant to section 604(d)(3)(E) of this title. Such employees shall also be entitled to seniority and other benefits accrued under Federal law while they were employed by the State-owned railroad on the same basis as if such employment had been Federal service.

(d) Any employee who transfers to the State-owned railroad under this title shall not be entitled to lump-sum payment for unused annual leave under section 5551 of title 5, United States Code, but shall be credited by the State with the unused annual leave balance at the time of transfer.

STATE OPERATION

SEC. 608. (a)(1) After the date of transfer to the State pursuant to section 604 of this title, the State-owned railroad shall be a rail carrier engaged in interstate and foreign commerce subject to the jurisdiction of the Interstate Commerce Commission under chapter 105 of subtitle IV of title 49, United States Code, and all other Acts applicable to rail carriers subject to that chapter, including the antitrust laws of the United States, except, so long as it is an instrumentality of the State of Alaska, the Railroad Retirement Act of 1974 (45 U.S.C. 231 et seq.), the Railroad Retirement Tax Act (26 U.S.C. 3201 et seq.), the Railway Labor Act (45 U.S.C. 151 et seq.), the Act of April 22, 1908 (45 U.S.C. 51 et seq.) (popularly referred to as the "Federal Employers' Liability Act"), and the Railroad Unemployment Insurance Act (45 U.S.C. 351 et seq.). Nothing in this title shall preclude the State from explicitly invoking by law any exemption from the antitrust laws as may otherwise be available. 45 USC 1207.

(2) The transfer to the State authorized by section 604 of this title and the conferral of jurisdiction to the Interstate Commerce Commission pursuant to paragraph (1) of this subsection are intended to confer upon the State-owned railroad all business opportunities available to comparable railroads, including contract rate agreements meeting the requirements of section 10713 of title 49, United States Code, notwithstanding any participation in such agreements by connecting water carriers.

(3) All memoranda which sanction noncompliance with Federal railroad safety regulations contained in 49 CFR Parts 209–236, and which are in effect on the date of transfer, shall continue in effect according to their terms as "waivers of compliance" (as that term is used in section 202(c) of the Federal Railroad Safety Act of 1970 (45 U.S.C. 431(c))).

(4) The operation of trains by the State-owned railroad shall not be subject to the requirement of any State or local law which specifies the minimum number of crew members which must be employed in connection with the operation of such trains.

(5) Revenues generated by the State-owned railroad shall be retained and managed by the State-owned railroad for railroad and related purposes.

(6)(A) After the date of transfer, continued operation of the Alaska Railroad by a public corporation, authority or other agency of the State shall be deemed to be an exercise of an essential governmental function, and revenue derived from such operation shall be deemed to accrue to the State for the purposes of section 115(a)(1) of the Internal Revenue Code of 1954 (26 U.S.C. 115(a)(1)). Obligations issued by such entity shall also be deemed obligations of the State for the purposes of section 103(a)(1) of the Internal Revenue Code of 1954 (26 U.S.C. 103(a)(1)), but not obligations within the meaning of section 103(b)(2) of the Internal Revenue Code of 1954 (26 U.S.C. 103(b)(2)).

96 STAT. 2574

(B) Nothing in this title shall be deemed or construed to affect customary tax treatment of private investment in the equipment or other assets that are used or owned by the State-owned railroad.

(b) As soon as practicable after the date of enactment of this Act, the Interstate Commerce Commission shall promulgate an expedited, modified procedure for providing on the date of transfer a certificate of public convenience and necessity to the State-owned railroad. No inventory, valuation, or classification of property owned or used by the State-owned railroad pursuant to subchapter V of chapter 107 of title 49, United States Code (49 U.S.C. 10781 et seq.) shall be required during the two-year period after the date of transfer. The provisions of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and section 382(b) of the Energy Policy and Conservation Act (42 U.S.C. 6362(b)) shall not apply to actions of the Commission under this subsection.

(c) The State-owned railroad shall be eligible to participate in all Federal railroad assistance programs on a basis equal to that of other rail carriers subject to the jurisdiction of the Interstate Commerce Commission under chapter 105 of subtitle IV of title 49, United States Code.

(d) After the date of transfer to the State pursuant to section 604 of this title, the portion of the rail properties within the boundaries of the Chugach National Forest and the exclusive-use easement within the boundaries of the Denali National Park and Preserve shall be subject to laws and regulations for the protection of forest and park values. The right to fence the exclusive-use easement within Denali National Park and Preserve shall be subject to the concurrence of the Secretary of the Interior. The Secretary of the Interior, or the Secretary of Agriculture where appropriate, shall not act pursuant to this subsection without consulting with the Governor of the State of Alaska or in such a manner as to unreasonably interfere with continued or expanded operations and support functions authorized under this title.

FUTURE RIGHTS-OF-WAY

45 USC 1208.

SEC. 609. (a) After the date of enactment of this Act, the State or State-owned railroad may request the Secretary of the Interior or the Secretary of Agriculture, as appropriate under law, to expeditiously approve an application for a right-of-way in order that the Alaska Railroad or State-owned railroad may have access across Federal lands for transportation and related purposes. The State or State-owned railroad may also apply for a lease, permit, or conveyance of any necessary or convenient terminal and station grounds and material sites in the vicinity of the right-of-way for which an application has been submitted.

96 STAT. 2575

(b) Before approving a right-of-way application described in subsection (a) of this section, the Secretary of the Interior or the Secretary of Agriculture, as appropriate, shall consult with the Secretary. Approval of an application for a right-of-way, permit, lease, or conveyance described in subsection (a) of this section shall be pursuant to applicable law. Rights-of-way, grounds, and sites granted pursuant to this section and other applicable law shall conform, to the extent possible, to the standards provided in the Act of March 12, 1914 (43 U.S.C. 975 et seq.) and section 603(6) of this title. Such conformance shall not be affected by the repeal of such Act under section 615 of this title.

(c) Reversion to the United States of any portion of any right-of-way or exclusive-use easement granted to the State or State-owned railroad shall occur only as provided in section 610 of this title. For purposes of such section, the date of the approval of any such right-of-way shall be deemed the "date of transfer".

REVERSION

45 USC 1209.

SEC. 610. (a) If, within ten years after the date of transfer to the State authorized by section 604 of this title, the Secretary finds that all or part of the real property transferred to the State under this title, except that portion of real property which lies within the boundaries of the Denali National Park and Preserve, is converted to a use that would prevent the State-owned railroad from continuing to operate, that real property (including permanent improvements to the property) shall revert to the United States Government, or (at the option of the State) the State shall pay to the United States Government an amount determined to be the fair market value of that property at the time its conversion prevents continued operation of the railroad.

(b) If, after the date of transfer pursuant to section 604 of this title, the State discontinues use of any land within the right-of-way, the State's interest in such land shall revert to the United States. The State shall be considered to have discontinued use within the meaning of this subsection and subsection (d) of this section when:

(1) the Governor of the State of Alaska delivers to the Secretary of the Interior a notice of such discontinuance, including a legal description of the property subject to the notice, and a quitclaim deed thereto; or

Publication in Federal Register.

(2) the State has made no use of the land for a continuous period of eighteen years for transportation, communication, or transmission purposes. Notice of such discontinuance shall promptly be published in the Federal Register by the Secretary, the Secretary of the Interior, or the Secretary of Agriculture, and reversion shall be effected one year after such notice, unless within such one-year period the State brings an appropriate action in the United States District Court for the District of Alaska to establish that the use has been continuing without an eighteen-year lapse. Any such action shall have the effect of staying reversion until exhaustion of appellate review from the final judgment in that action or termination of the right to seek such review, whichever first occurs.

(c) Upon such reversion pursuant to subsection (b) of this section, the Secretary of the Interior shall immediately convey by patent to abutting landowners all right, title and interest of the United States. Where land abutting the reverted right-of-way is owned by different persons or entities, the conveyance made pursuant to this subsection shall extend the property of each abutting owner to the centerline of the right-of-way.

96 STAT. 2576

(d) If use is discontinued (as that term is used in subsection (b) of this section) of all or part of those properties of the Alaska Railroad transferred to the State pursuant to this title which lie within the boundaries of the Denali National Park and Preserve or the Chugach National Forest, such properties or part thereof (including permanent improvements to the property) shall revert to the United States and shall not be subject to subsection (c) of this section. Upon such reversion, jurisdiction over that property shall be transferred to the Secretary of the Interior or the Secretary of Agriculture, as appropriate, for administration as part of the Denali National Park and Preserve or the Chugach National Forest.

(e) Except as provided in subsections (a) through (d) of this section, if, within five years after the date of transfer to the State pursuant to section 604 of this title, the State sells or transfers all or substantially all of the State-owned railroad to an entity other than an instrumentality of the State, the proceeds from the sale or transfer that exceed the cost of any rehabilitation and improvement made by the State for the State-owned railroad and any net liabilities incurred by the State for the State-owned railroad shall be paid into the general fund of the Treasury of the United States.

(f) The Attorney General, upon the request of the Secretary, the Secretary of the Interior, or the Secretary of Agriculture, shall institute appropriate proceedings to enforce this section in the United States District Court for the District of Alaska.

OTHER DISPOSITION

45 USC 1210.

SEC. 611. If the Secretary has not certified that the State has satisfied the conditions under section 604 within one year after the date of delivery of the report referred to in section 605(a) of this title, the Secretary may dispose of the rail properties of the Alaska Railroad. Any disposal under this section shall give preference to a buyer or transferee who will continue to operate rail service, except that—

(1) such preference shall not diminish or modify the rights of the Cook Inlet Region, Incorporated (as that term is used in

section 12 of the Act of January 2, 1976 (Public Law 94-204; 89 Stat. 1150)), pursuant to such section, as amended by section *Ante*, p. 2564. 606(d) of this title; and

(2) this section shall not be construed to diminish or modify the powers of consent of the Secretary or the State under section 12(b)(8) of such Act, as amended by section 606(d)(5) of this title.

Any disposal under this section shall be subject to valid existing rights.

DENALI NATIONAL PARK AND PRESERVE LANDS

45 USC 1211. SEC. 612. On the date of transfer to the State (pursuant to section 604 of this title) or other disposition (pursuant to section 611 of this title), that portion of rail properties of the Alaska Railroad within the Denali National Park and Preserve shall, subject to the exclusive-use easement granted pursuant to section 604(b)(1)(D) of this title, be transferred to the Secretary of the Interior for administration as part of the Denali National Park and Preserve, except that a 96 STAT. 2577 transferee under section 611 of this title shall receive the same interest as the State under section 604(b)(1)(D) of this title.

VETERANS ACTS

Public Law 97-174
97th Congress

96 STAT. 70

An Act

To amend title 38, United States Code, to promote greater sharing of health-care resources between the Veterans' Administration and the Department of Defense and to direct the Secretary of Defense and the Administrator of Veterans' Affairs to plan for the provision of health care by the Veterans' Administration during periods of war or national emergency to members of the Armed Forces on active duty; and for other purposes.

May 4, 1982
[S. 266]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Veterans' Administration and Department of Defense Health Resources Sharing and Emergency Operations Act".

Veterans' Administration and Department of Defense Health Resources Sharing and Emergency Operations Act.
38 USC 101 note.
38 USC 5011 note.

SEC. 2. (a) The Congress makes the following findings:

(1) There are opportunities for greater sharing of the health-care resources of the Veterans' Administration and the Department of Defense which would, if achieved, be beneficial to both veterans and members of the Armed Forces and could result in reduced costs to the Government by minimizing duplication and underuse of health-care resources.

(2) Present incentives to encourage such sharing of health-care resources are inadequate.

(3) Such sharing of health-care resources can be achieved without a detrimental effect on the primary health-care beneficiaries of the Veterans' Administration and the Department of Defense.

(b) The Congress makes the following further findings:

38 USC 5011A note.

(1) During and immediately after a period of war or national emergency involving the use of the Armed Forces of the United States in armed conflict, the Department of Defense might not have adequate health-care resources to care for military personnel wounded in combat and other active-duty military personnel.

(2) The Veterans' Administration has an extensive, comprehensive health-care system that could be used to assist the Department of Defense in caring for such personnel in such a situation.

SEC. 3. (a) Section 5011 of title 38, United States Code, is amended—

(1) by inserting "(a)" before "The Administrator" the first place it appears;

(2) by striking out "and material" and all that follows through "this title," and inserting in lieu thereof "material, and other resources as may be needed to operate such facilities properly, except that the Administrator may not enter into an agreement that would result (1) in a permanent reduction in the total number of authorized Veterans' Administration hospital beds and nursing home beds to a level below the minimum number of such beds required by section 5010(a)(1) of this title to be authorized, or (2) in a permanent reduction in the total number of such beds operated and maintained to a level

38 USC 5010.

96 STAT. 71

below the minimum number of such beds required by such section to be operated and maintained"; and

(3) by adding at the end the following new subsections:

Veterans' Administration/ Department of Defense Health-Care Resources Sharing Committee. Establishment.

"(b)(1) In order to promote the sharing of health-care resources between the Veterans' Administration and the Department of Defense (hereinafter in this section referred to as the 'agencies'), there is established an interagency committee to be known as the Veterans' Administration/Department of Defense Health-Care Resources Sharing Committee (hereinafter in this subsection referred to as the 'Committee').

"(2) The Committee shall be composed of—

"(A) the Chief Medical Director and such other officers and employees of the Veterans' Administration as the Chief Medical Director may designate; and

"(B) the Assistant Secretary of Defense for Health Affairs (hereinafter in this section referred to as the 'Assistant Secretary') and such other officers and employees of the Department of Defense as the Assistant Secretary may designate,

except that the size of the Committee shall be mutually determined by the Chief Medical Director and the Assistant Secretary. During fiscal years 1982 and 1983, the Chief Medical Director shall be the chairman of the Committee. During fiscal year 1984, the Assistant Secretary shall be the chairman of the Committee. Thereafter, the chairmanship of the Committee shall alternate each fiscal year between the Chief Medical Director and the Assistant Secretary. The agencies shall provide administrative support services for the Committee at a level sufficient for the efficient operation of the Committee and shall share the responsibility for the provision of such services on an equitable basis.

Duties.

"(3) In order to enable the Committee to make recommendations under paragraph (4) of this subsection, the Committee shall on a continuing basis—

"(A) review existing policies, procedures, and practices relating to the sharing of health-care resources between the agencies;

"(B) identify and assess further opportunities for the sharing of health-care resources between the agencies that would not, in the judgment of the Committee, adversely affect the range of services, the quality of care, or the established priorities for care provided by either agency;

"(C) identify changes in policies, procedures, and practices that would, in the judgment of the Committee, promote such sharing of health-care resources between the agencies;

"(D) monitor plans of the agencies for the acquisition of additional health-care resources, including the location of new facilities and the acquisition of major equipment, in order to assess the potential impact of such plans on further opportunities for such sharing of health-care resources; and

"(E) monitor the implementation of activities designed to promote the sharing of health-care resources between the agencies.

Recommendations to VA Administrator or DOD Secretary.

"(4) Within nine months of the date of the enactment of this subsection and at such times thereafter as the Committee considers appropriate, the Committee shall make recommendations to the Administrator or the Secretary of Defense, or both, with respect to (A) changes in policies, procedures, and practices that the Committee has identified under paragraph (3)(C) of this subsection pertaining to the sharing of health-care resources described in such paragraph, and (B) such other matters as the Committee considers appropriate in order to promote such sharing of health-care resources.

96 STAT. 72

Health-care resources sharing guidelines.

"(c)(1) After considering the recommendations made under subsection (b)(4) of this section, the Administrator and the Secretary of Defense shall jointly establish guidelines to promote the sharing of health-care resources between the agencies. Guidelines established under this subsection shall provide for such sharing consistent with the health-care responsibilities of the Veterans' Administration under this title and with the health-care responsibilities of the Department of Defense under chapter 55 of title 10 and so as not to adversely affect the range of services, the quality of care, or the established priorities for care provided by either agency.

10 USC 1071 *et seq.*

"(2) Guidelines established under paragraph (1) of this subsection shall authorize the heads of individual medical facilities of the agencies to enter into health-care resources sharing agreements in accordance with subsection (d) of this section and shall include guidelines for such agreements.

Sharing agreements.

"(d)(1) The head of each medical facility of either agency is authorized to enter into sharing agreements with the heads of medical facilities of the other agency in accordance with guidelines established under subsection (c) of this section. Under any such agreement, an individual who is a primary beneficiary of one agency may be provided health care at a facility of the other agency that is a party to the sharing agreement.

"(2) Each such agreement shall identify the health-care resources to be shared.

"(3) Each such agreement shall provide, and shall specify procedures designed to ensure, that the availability of direct health care to individuals who are not primary beneficiaries of the providing agency (A) is on a referral basis from the facility of the other agency, and (B) does not (as determined by the head of the facility of the providing agency) adversely affect the range of services, the quality of care, or the established priorities for care provided to the primary beneficiaries of the providing agency.

Reimbursement.

"(4) Each such agreement shall provide that a providing agency shall be reimbursed for the cost of the health-care resources provided under the agreement and that the rate for such reimbursement shall be determined in accordance with the methodology agreed to pursuant to subsection (e) of this section.

Agreement proposals, submittal.

"(5) Each proposal for an agreement under paragraph (1) of this subsection shall be submitted to the Chief Medical Director and the Assistant Secretary and shall be effective as an agreement in accordance with its terms (A) on the forty-sixth day after the receipt of such proposal by both such officials, unless earlier disapproved by either such official, or (B) if earlier approved by both such officials, on the date of such approval.

Reimbursement methodology provisions.

"(e) Reimbursement under any sharing agreement entered into under subsection (d) of this section shall be based upon a methodology that is agreed upon by the Chief Medical Director and the Assistant Secretary and that provides appropriate flexibility to the heads of the facilities concerned to take into account local conditions and needs and the actual costs to the providing agency's facility of the health-care resources provided. Any funds received through such a reimbursement shall be credited to funds that have been allotted to the facility that provided the care or services.

96 STAT. 73

Report to Congress.

"(f) At the time the President's Budget is transmitted to Congress in any year pursuant to section 201(a) of the Budget and Accounting Act, 1921 (31 U.S.C. 11(a)), the Administrator and the Secretary of Defense shall submit a joint report to Congress on the implementation of this section during the fiscal year that ended during the previous calendar year. Each such report shall include—

NOTE.—The President's Budget for 1983, as submitted February 8, 1982 (H. Doc. 97-124), tentatively estimated total new budget (obligational) authority for fiscal year 1983 at $801.9 billion in net ($936.9 billion gross, including $135 billion in intragovernmental transactions and certain so-called proprietary receipts handled as offsets for budget purposes only). An estimated $475.8 billion does not require action by Congress. This amount includes permanent appropriations such as interest on the public debt and various trust funds for which the obligational authority is already provided in the basic law. Virtually all of the remaining $461.1 billion is for consideration at this session of Congress in the appropriation bills. Approximately $7.2 billion of the $461.1 billion was shown in the February budget as being "for later transmittal" for supplemental requirements under present law, new legislation, allowances, and for contingencies and civilian pay raises.

[Note.—Concept of "estimates" and "appropriations" as used in this tabulation, beginning with the 90th Congress, 2d session, differs to some limited general extent from previous tabulations, and significantly differs in respect to inclusion of trust fund appropriation amounts *not* included in this tabulation *prior* to the 90th Congress, 2d session (See explanation, par. 4, "Compilers' Notes", p. II.) Basically, the figures for permanent appropriations are taken from the February 1982 Budget and, since many are *indefinite*, are subject to revision as better data become available.]

[1] Also included under "Permanent appropriations, Federal funds".

[2] Budget estimates exclude $4,847,792,000 for fiscal year 1983 to liquidate "indefinite" budget authority requested in fiscal year 1982 for certain programs in the Department of Health and Human Services (estimate of $4,916,000,000 carried in 1981-1982 volume) (see footnote 22 on p. 1535, 1982-1983 volume, for accounts involved).

[3] Excludes $5,492,377,000 appropriated in fiscal year 1983 to liquidate "indefinite" budget authority provided in fiscal year 1982 for certain programs in the Department of Health and Human Services (estimated at $4,615,600,000 in 1981-1982 volume). (See footnote 22 on page 1535, this volume, for accounts involved.)

[4] Reflects actual amounts rescinded rather than comparison with requests.

[5] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contract authority (so-called "backdoor authority") enacted after March 3, 1975 be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[6] Subject to revision as better data become available (see "Note" above).
